

# \$10 a Tom Cat

**Unaltered male cats are always ready, willing, and able.**

**A male cat does not have a heat cycle. While a female cat can have up to three litters a year, an active male cat can be responsible for hundreds of offspring per year.**

For just \$10 you can prevent the birth of thousands of kittens and keep your male cat healthier! Reduce spraying, cat fights, injuries, and most of all...save lives!

**ONLY in July - while supplies last!**

**Certificates on sale at:**

South Medford, Central Point,  
White City and Ashland Grange  
Co-op stores.

**SNYP**
